oanles, and the public to examine its superiority over other ARCHITECTS AND BUILDERS should not fall to examine this Reoding, as it is better and chesper than any thing in use. The material forms a hard and smooth surface that will resist the action of the atmosphere in every climate. It is impervious to water, clastic, and flexible. It contracts and expands with the changes of the almosphere, and will neither evaporate, crack nor rot; and, as to its durability, there is no question.

It is practically imperishable, and will perfectfully resist any ordinary external exposure to fire, as is shundantly proved, and we will warrant it water-proof. We will engage to put our Rooding on over ordinary good sheathing, old shingles, tar and gravel, tin, sinc, copper, or iron roofs—It making no difference how steep or flat shey may be—for seven dollars per one hundred square feet; it being far cheaper than any Roof of the old style, and we are sure it will give better satisfaction. ARCHITECTS AND BUILDERS should not fall to will give better satisfaction.

It will also be found to be the heat thing ever invented to cover or mend old leaky tin, tar and gravel roofs, or around chimneys, scuttles, dormar windows, and gutters, where the

chimneys, scuttles, dormar windows, and gutters, where the tin is rusted dirough. This Cement can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. Tin Roofs can be painted over (and warranted not to leak) at two dellars and fifty cents per hundred square feet, which is cheaper and much better than paint. This Roofing will be found to be the best theng for overing large Roofs where they are exposed to fir —such as Sieam Mills, Saw Mills, Factories, Railroad Cars, Brifiges, Depots, Station Houses, Steambost Docks, and, in fact, every kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint in it, it presents no chance for fire to communicate, and any in it, it presents no chance for fire to communicate, and any light substance will burn out without igniting. Insurance Offices at Cincinnati, and other places where Childs & Co.'s Cement has been used, insure Buildings with Hoofs opered with this Cement, at the same rates as for those covered with Iron, Copper or Tin.
The Coment will be furnished to those at a distance with directions for using.
Orders sent to the undersigned, through the Postoffice, will be promptly attended to

TO ALL WHOM IT MAT CONCRM. This is to certify that have examined specimens and Roofs of W. E. Childs & Co.'s "Elastic Fire and Water-Proof cement Roofing," and be lieve it to be eminently superior to any other kind of Roof ing in use. I was an eye witness of a severe trial of one of these Roofs from a large volume of flame from an adjoining building, which struck directly upon the roof and cornice for nearly half an hour. It stood the trial beyond all expectation, and saved the building. T. M. HASKELL,

Charles Art, Jan. 7, 1857.

Having made considerable luquiry as to the merits of the 'Patent Elastic Cement Roofing,' introduced into this city by Childs & Co., I find it to be highly recommended in this by Childs & Co., I find it to be highly recommended in this city by many excellent judges; that it is meeting with very ready and general introduction, that its superiority over the tar composition Boofing is decided and freely admitted and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use tin, but will try the virtues of the "Patent Elastic Boofing" as a substitute.

They have done my affer more good than I can tell you.
She had been lek and pining away for months. Went off
to be doctored at great expense, but got no better. She
then commenced taking your Pills, which soon cured her, by
expelling large quantities of worms (dead) from her body.
They afterwards cured her and our two cuitdren of bloody
dysentery. One of our relighbour head to be dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty delices doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here.

CHOICE FARM LANDS FOR SALE. THE ILLINOIS CENTRAL R. R. COMPANY IS NOW PREPARED TO SELL ABOUT

1,500,000 Acres of IN TRACTS OF 40 ACRES & UPWANDS, ON LONG CEEDITS AND AT LOW RATES OF INTEREST.

THESE lands were granted by the Government to aid in the construction of this Road, and are among the richest and most fertile in the world. They extend from North-east and North-west, through the middle of the State, to the extreme South, and include every variety of elimate and productions found between those parallels of intitude. The Northern portion is chiefly prairie, inter ersed with fine groves, and in the middle and Southern ctions timber predominates, alternating with beautifu' The climate is more heaithy, mild and equable than any other part of the country—the air is pure and bracing, while living streams and springs of excellent water abound. Bituminous Ceal is extensively mined, and supplies a cheap and desirable fact, being furnished at many points at \$2 to \$4 per ton-and wood can be had at the same rate Building Stone of excellent quality also abounds, which can be procured for little more than the expense of trans-The great fertility of these lands, which are a black rich The great fertility of these lands, which are a black rich mould from two to five feet deep, and gently rollin.,—their contiguity to this Road, by which every facility is furnished for travel and transportation, to the principal markets North, South, East, West, and the economy with which they can be cultivated, render them the most valuable investment that can be found; and present the most favorable opportunity, for persons of industrious habits and small eans, to acquire a comfortable independence in a few

The Title is perfect—and when the final payments are made, Deeds are executed by the Trustees appointed by the State, and in whom the title is vested, to the purchasers, which convey to them absolute titles in Fee Simple, free and clear of every incumberance, lien or mortgage.

The prices are from \$6 to \$30; interest only 8 per cent.

Twenty per cent will be deducted from the credit price Those who purchase on long credit, give notes payable in 2.3, 4, 5 and 6 years after date, and are required to improve one-teeth annually for five years, so as to have one-half the land under cultivation, at the end of the time.

Competent Surveyors will accompany those who wish to examine these Lands, free of charge, and aid them in making selections.

The lands remaining unsold are as rich and valuable as those which have been disposed of.

Sectional Maps will be sent to any one who will enclose fifty cents in Postage Stamps, and Books or Pamphlets containing numerous instances of successful farming, signed by resectable, and well-known farmers, livings in the y respectable and well-known farmers living in the by respectance and well-known farmers hving in the neighborhood of the Railroad Lands, throughout the State—also the cost of fencing, price of cattle, expense of harvesting, threshing, etc.,—or any other information—will be cheerfully given on application, either personally or by letter, in English, French, or German, addressed to JOHN WILSON, Land Commissioner of the Illinois Central R. STOMACH OR LIVER, SUCH AS Indigestion, Acidity of the Stomach, Colleky Pains, Heartburn, Loss of Appentic, Despondency, Cos-tiveress, Blind and Electing Piles. In all Nervous libra-matic, and Neuralgic Affections, it has, in nomerous in-stances, proved highly beneficial, and in others effected a ecided cure.

This is a purely vegetable compound, prepared on serictly scientific principles, after the manner of the ociobrated Holland Professor, Boerhave. Because of its great success in most of the Edropean States, its introduction into the United States was towended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged. It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its ray directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health. ing up the drooping spirit, and, in fact, infusing new health and vigor in the system.
